IMPORTANT NOTICE

Termination of employment occurs on the date on which the member experiences a bona fide separation from service of employment with the member's employer. Your employer is required to report your termination date to NPERS. A member shall **not** be deemed to have terminated employment if he/she subsequently provides service to any employer participating in the retirement system provided for in the School Employees Retirement Act **within one hundred eighty (180) calendar days** after ceasing employment unless such service; 1) is voluntary or substitute service provided on an intermittent basis; or 2) is as provided in subsection (2) of section 79-920 (Department of Education) of the Nebraska Revised Statutes.

A member shall not be deemed to have terminated employment if the Retirement Board determines that a claimed termination was not a bona fide separation from service with the employer or that a member was compensated for a full contractual period when the member terminated prior to the end of the contract.

Should you return to employment in a Nebraska Public School after receiving a refund, you must update your beneficiary designation.

IMPORTANT! A refund erases your years of service credit. In addition, refunds do not include employer matching contributions. NPERS recommends reviewing the "Terminating Service Before Retirement Age" section of your plan handbook prior to applying for a refund. If you return to public school employment, contact NPERS regarding repayment of this service within the statutory deadlines.

WHEN TO EXPECT YOUR REFUND: Members of the School Retirement System who have terminated employment in a Nebraska Public School are eligible to receive payment of their accumulated account 120 calendar days after date of their termination of employment or twenty (20) business days after NPERS receives a properly completed and notarized School Application for Refund / Refund Election (and any applicable rollover documents), whichever is later.
