Patrol Plan Employer Verification of Service

Per Nebraska statute, service credit is earned for service rendered while a contributing member of the Patrol Plan, rounded to the nearest month. NPERS will grant one year of service credit for each full year that elapses from a Trooper's plan entry date. NPERS will grant partial service credit if a Trooper contributes to the Patrol Plan for only part of a year or terminates employment before the anniversary of the Trooper's plan entry date.

NPERS **CANNOT** grant service credit for periods when a Trooper does not make retirement contributions. Service credit is not granted if a Trooper goes on a leave of absence, takes leave without pay, is placed on unpaid suspension, is paid worker's compensation benefits, or incurs any other periods when they are not contributing to the plan.

A Trooper may make a one-time, written request for a *tentative* verification of service from NPERS up to one year but no less than 180 days prior to retirement or entering DROP. When NPERS receives a verification of service request from a Trooper, the Patrol Business Office must complete this form to assist with the verification process.

Declaration of Non-Contributing Periods

Answer all of the questions below. Failure to fully and completely answer the questions may result in the Trooper's service credit being misstated. This could negatively affect the Trooper's retirement eligibility date and/or the amount of the Trooper's retirement benefit.

2. Did the member have any periods of leave without pay during their employment with Patrol? Yes No
