

NPERS SCHOOL PLAN ELIGIBILITY CHECKLIST

Person's Name: _____ Date: _____

School: _____ Reporting Agent's Name: _____

Employee Classification: _____ Intention of Hours to be Worked a Week: _____

Use this checklist to help you determine if/when an employee is eligible to participate in the School Plan. Please see page 3 for definitions and the [School Manual for Employer Contacts](#) for more information on eligibility and enrollment.

This Eligibility Checklist should only be used from 5/1/26 through 10/28/26 as this is the only time period you would be hiring or rehiring an employee that could have be in either their 180-day or 120-day separation period depending on what rule applies at the time their separation period begins. These rules are very different and applying the wrong rules could result in the member having a termination violation resulting in a financial burden to repay any distribution. Please see page 3 for specific rules and dates.

IMPORTANT! The legal issues associated with the School Plan eligibility can be complex and consultation with an NPERS staff member is strongly recommended. School Plan eligibility is subject to change based upon laws enacted by the Nebraska State Legislature.

No, proceed to question 8.

8. Will the person be working at your school district for 20 or more hours per week?

Yes, participation is **mandatory**. Begin participation immediately. ● **Stop assessment here.**

No, in order to participate, the person must be hired to work in a position requiring at least 20 hours per week on an ongoing regular basis. If the intention of hours worked is less than 20 or unknown at the time of hire, follow these steps:

- Monitor all hours worked at your district.
- If the position originally was intended for work less than 20 hours per week but changes to a position requiring 20 or more hours per week, the person should be enrolled in the Plan at the time of the hours of intention change.
- If the person is initially hired to work less than 20 hours a week or the expected number of hours to be worked is unknown, the hours need to be tracked for eligibility.
 - If the person ends up working an average of 20 hours or more per week in three calendar months of the Plan year (July 1 – June 30), **they must be enrolled in the Plan.**
 - Calculation used to determine this is: total number of hours worked in a calendar month divided by the actual number of days in the month times 7. Eligibility calculator can be found [here](#).
 - The 3 calendar months do not need to be consecutive.
 - The mandatory effective date of participation in the Plan is the next pay period following the pay period where the employee worked an average of 20 hours or more per week for each of 3 calendar months during the Plan year.

The Eligibility Checklist indicates participation is mandatory based on the answers provided. Contributions must start.

Not eligible for participation. *In order to participate in the future, the employee must meet mandatory enrollment requirements.*

MUST READ: By signing this form, the employee acknowledges that any return to employment during the separation period will result in mandatory repayment of any distributions received (with applicable interest) and missed contributions to be remitted to NPERS.
