Patrol Plan Member Verification of Service Request Form

Per Nebraska statute, service credit is earned for service rendered while a contributing member of the Patrol Plan, rounded to the nearest month. NPERS will grant one year of service credit for each full year that elapses from a Trooper's plan entry date. NPERS will grant partial service credit if a Trooper contributes to the Patrol Plan for only part of a year or terminates employment before the anniversary of the Trooper's plan entry date.

NPERS **CANNOT** grant service credit for periods when a Trooper does not make retirement contributions. Service credit is not granted if a Trooper goes on a leave of absence, takes leave without pay, is placed on unpaid suspension, is paid worker's compensation benefits, or incurs any other periods when they are not contributing to the plan.

A Trooper may submit this form to make a one-time request for a *tentative* verification of service from NPERS up to one year but no less than 180 days prior to retirement or entering DROP. When making the request, the Trooper is **required** to disclose any periods where the Trooper was not contributing to the plan.
