Office visits for retiring members:

By appointment only!

Call (800) 245-5712 or (402) 471-2053

Scheduled appointments allow NPERS staff to:

- Calculate annuity estimates.
- Create your retirement packet.
- Answer questions specific to your account.

Initial requests for an office visit should be made no more than 6 and preferably no less than 1 month prior to termination/retirement.

If spouses are both members, they may share an appointment.

Nebraska State/County Employees Retirement Systems

The following retirement information provides an overview of the benefits available to members of the Nebraska State/County Employees Retirement Systems and does not constitute the plan documents which can be found in the Nebraska Statutes.

The provisions of the State/County Retirement Laws, in all cases, supercede the information provided in this notebook.

Total	(\$6.95)

This section lists the fee and fee credit detail for the statement period.

New Member Account Fees effective October 1, 2021. The monthly record keeping fees for Defined Contribution participants is \$2.40. For Cash Balance members, the fee is \$2.15, and DCP/DROP Participants pay a fee of \$2.05. Fees are also assessed when a member takes a distribution from their account. Full (final) distributions of \$150 up to \$500 are charged \$35, final distributions over \$500 are charged \$75, and no fee is assessed for final distributions of less than \$150. Partial distributions or systematic withdrawals are assessed a fee of \$5 for each distribution.

In addition, there is a quarterly mailing fee of \$0.50 to cover costs associated with the delivery of paper statements or documents. This fee is waived for members who have requested electronic distribution of correspondence. Members may sign up for electronic delivery at ameritas.com.

Effective December 25, 2016, administrative fees for County Defined Contribution participants decreased from 5.5 basis points to 4.5 basis points. Effective June 25, 2018, administrative fees for State Defined Contribution participants decreased from 4.0 basis points to 2.0 basis points. The administrative fees for the voluntary Deferred Compensation plan are currently 6.0 basis points. This fee is charged to cover a portion of NPERS operating expenses. Plan expenses are evaluated periodically by the Public Employees Retirement Board and fees are subject to adjustment as needed. Both the record-keeping fee and the separate administrative fee are reported in the Fees and Fee Credit column on the member quarterly statements.

The PERB makes every effort to keep fees low and reasonable for plan members. Fees are subject to adjustment and any changes are reported in the NPERS newsletters and on the NPERS website.

Benefit Estimator

Benefit Estimators

Please read the following BEFORE using a benefit estimator!

NPERS provides benefit estimators for use as an educational tool to help you plan for retirement. The estimators calculate monthly pension amounts for School, Judges, and State Patrol plan members. State and County plan members who are considering purchasing an annuity for their mandatory Cash Balance or Defined Contribution accounts can use the estimator to determine monthly benefits under each of the annuity options. For a complete listing of your options at retirement, please refer to your member handbook (available in the Publications section).

The Results provided by the Benefit Estimators are provided for purposes of illustration and discussion only and do not reflect the actual amount you will receive when you retire. Benefits will be determined after your employer submits your final salary and service data to our office and subsequent receipt of your retirement application.

Prior to using the Benefit Estimators, please be aware of the following information:

- Estimates are based on the data you input and are not official estimates.
- Tax calculations are determined using current tax tables and are based only on the amount of the estimated benefit. They are not a determination of your actual taxes during retirement.
- Federal law may limit benefits to some highly compensated members.
- The State of Nebraska does not offer annuities for the voluntary Deferred Compensation Plan.

I have read this disclaimer and understand the estimate I am generating is not an official determination of benefits.

Designated Period 20 Years	\$799.85	\$799.85

When Choosing an Option

Things to consider and discuss before choosing an option:

- Your health and family health history
- Other financial income in addition to your retirement benefit
- Your beneficiaries who might depend on a benefit if you die
- The health of your beneficiaries
- The age difference between you and your beneficiaries

Salary Replacement Example

If you retire at age 60 and live to age 90:

- If your salary at retirement was \$30,000
 - \$2500 per month
 - Social Security on average replaces 40%
 - 40% = \$1000 per month
 - You will need to provide \$1500 per month

Per the Nest Egg handout, you will need an estimated \$496,000!

Salary Replacement Example

- How State and County annuity rates can help:
 - Defined Contribution Cola Annuity
 - \$236,500 purchase price at age 65 (6.20% rate*)
 - Will provide \$1,500.14 per month (Life Only)
 - Increases 2.5% every year to help offset inflation
 - Paid for your lifetime
 - Cash Balance Tier 1 Cola Annuity
 - \$206,700 purchase price at age 65 (7.75% rate*)
 - Will provide \$1500.63 per month (Life Only)
 - Increases 2.5% every year to help offset inflation
 - Paid for your lifetime

*Rates as of January 2024. Rates may fluctuate over time but are “locked in” at time of purchase.

Income Tax Information

The following information is NPERS' understanding of current tax laws. Since tax laws frequently change, NPERS recommends you contact the Internal Revenue Service or a certified tax consultant for more information.

Current contributions to the Plan are not taxed when deducted from your salary and remitted to NPERS. Taxable income reported on your Wage and Earning Statement (IRS Form W-2) issued by your employer is reduced by the amount you contribute to your retirement account.

When your contributions and earnings are returned to you, either as an annuity or another form of distribution, the funds are taxed as ordinary income in the year you receive them. Payments are subject to both federal and state income tax. State income tax will be based on your state of residence when you receive payments.

Contributions made prior to January 1, 1985, were taxed before being deducted from your compensation. Therefore your contributions made prior to January 1, 1985 are returned to you "tax-free."

Once you receive payments from your retirement account, the income will be reported to you on an IRS Form 1099-R each year in January for the payments received during the prior year. A copy of that form will also be provided to the IRS.

Taxation of Withdrawals

Any amounts from your account that are rolled into a Traditional IRA or another qualified retirement plan are not subject to taxation at the time of the rollover. Those amounts will be subject to taxation when you take a distribution from the rollover account.

NPERS is required by law to withhold **20%** for federal income taxes and **5%** for Nebraska state income taxes for all withdrawals paid directly to you. These withholdings may or may not cover your full tax liability. Your actual tax liability will vary depending on your total taxable income for the year and the tax laws in effect at the time. If you are no longer a resident of Nebraska and have notified our office in advance, the 5% Nebraska state tax will not be withheld. You will however, be subject to state income tax in accordance with your new state of residence.

If you cease work **prior to age 55** and take a withdrawal **PRIOR** to age 59½, you may be subject to a Federal **10% tax penalty** and a Nebraska **3% tax penalty** for early withdrawals. You *may* be able to avoid the early withdrawal penalties if one of the following applies:

- The taxable portion of your refund is "rolled over" into a Traditional IRA or another qualified pension plan within 60 days of the payment date.
- If payment is made after separation from service and the member will be at least age 55 **in the year of separation**.
- Payment is made to an alternate payee under a qualified domestic relations order (QDRO).
- Your payment is used for large and eligible medical expenses.
- You are eligible for retirement due to disability.

Early withdrawal penalties are assessed at the time you file your tax return.

Required Minimum Distributions

Terminated plan members are required to take a taxable Required Minimum Distribution amount from their retirement accounts once they reach RMD age. Failure to take RMD's can result in serious tax penalties, such as up to 25% of the original RMD amount, and the eventual transfer of retirement assets to unclaimed property.

RMD ages are as follows:

BIRTH YEAR	RMD AGE
Prior to 7/1/1949	70½
On or after 7/1/1949 But before 1/1/1951	72
On or after 1/1/1951	73

Taxation of Annuities

NPERS will withhold federal taxes from each monthly check at the rate you specify on the W-4P tax form (included in the retirement packet and available on the NPERS website). If you do not complete and submit this form to NPERS, we will withhold at the rate of "married plus three exemptions." You may change your withholding at any time by submitting a new form.

If you are a resident of the State of Nebraska, NPERS will withhold Nebraska taxes at the rate you indicate on the W-4N tax form. If you move and are *no longer a resident of Nebraska*, you need to submit an updated W-4N form. Your benefit will be taxable in accordance with the laws of the state you move to. You may need to contact the Department of Revenue for the state you have moved to in order to determine tax liability and establish a payment process. NPERS can withhold Federal and Nebraska taxes, but not taxes due to another state.

Safe Harbor Annuity Taxation

Pre-1985 contributions are returned tax-free based on the "Safe Harbor" method, as required by the Internal Revenue Service. NPERS calculates the "tax-free" portion of your monthly retirement check by dividing pre-'85 contributions by the fixed number of payments assigned per your age at retirement.

EXAMPLE:

Under the current tax tables, 260 monthly payments are designated for individuals commencing benefits from ages 61 to 65. If you had a total of \$9,100 of pre-'85 contributions, this amount would be divided by 260 and you would receive \$35.00 of your benefit tax-free for the first 260 monthly payments.

After you have received the fixed number of payments assigned, your monthly benefit becomes 100% taxable.

 - Federal and Nebraska (W-4P & W-4N)

Health Insurance

Termination at ages 55-65

- Affordable Care Act?
- State Retiree Health Insurance
- County options will vary

Retiree Continuation of Health Insurance

State Policy Governing Continuation of Retiree Program: State employees who are eligible for retirement and do retire, are afforded the opportunity to continue health insurance coverage in the group plan **until the first day of the month in which they turn 65**. The employee is responsible for paying 100% of the premium (no State contribution) plus, in some cases, an additional 2% administrative charge.

Eligibility: Employees between the ages of 55 and 64 who retire or terminate from State employment and who are enrolled in a Health Insurance Plan and have actively contributed into the Retirement Plan for State of Nebraska employees prior to leaving State employment will be offered the opportunity to continue in the State of Nebraska Retiree Health Insurance Program.

Note: *If the employee is over 65, he or she will be offered 18 months of COBRA continuation.*

Eligibility of Family Members: Family members of a retired State employee are eligible for continuation of health insurance coverage, as dependents only, until the employee reaches 65 years of age. **Note:** *If the spouse is already 65 or older at the time the State employee retires, he or she will be eligible for an 18 month COBRA event only.*

- If a spouse reaches age 65 before the employee, he or she is not eligible to continue their health insurance through the Retiree Program.
- If the Retiree reaches 65 and has dependent(s) covered under their benefit plan, the dependent(s) will be offered COBRA to continue their health insurance for a period not to exceed 36 months. If the dependent should reach the age of 65 prior to exhausting the 36 months of COBRA, the COBRA coverage would cease effective the first day of the month in which the dependent turns 65.

Length of Eligibility: There are circumstances that would terminate continuation of health coverage *before* the age of 65 for the Retiree or dependent. Those instances are:

- The Retiree or dependent begins receiving Medicare, including Medicare disability benefits;
- The Retiree fails to make the monthly premium payment on time;
- The Retiree benefit provision is changed in a subsequent labor contract;
- The administrative regulation, contract provision and/or applicable statutes are changed and continued coverage is no longer available;
- The State of Nebraska ceases to provide group health insurance to employees.

How to enroll:

The State utilizes ASI COBRA (ASI) to administer the program.

Upon leaving employment, the State will notify ASI who will send an enrollment packet to the Retiree. To enroll, the Retiree has 60 days from the date coverage ends to complete the enrollment paperwork and return the paperwork along with payment to ASI.

All coverage will be terminated until an election is made and the initial premium payment is submitted. When ASI has received the election form and the initial premium payment, they will notify all vendors of the eligibility of the Retiree and dependents, if any. Once benefits are elected and premiums are paid, then coverage is retroactive back to date the coverage ended.

- When the participant is notified of their option to continue coverage, they may not add dependents who were not previously covered on the State's plan when they left State employment.
- During the State's Annual Open Enrollment period, Retirees may change coverage but are not allowed to add new dependents or new coverage. For example, if the retiree did not have dental coverage, they cannot add it during Open Enrollment.
- Retirees and spouses, if enrolled in a state health plan, are eligible to participate in the insurance carrier's eligible health and wellness programs.
- Individuals continuing coverage under the Retiree Program must follow all of the contract provisions as current employees, including all cost containment features. Any changes made in the contract will apply to all persons on the Retiree continuation coverage. Individuals continuing coverage under the Retiree Program will be subject to any and all changes in benefits or premiums.
