Review Your Tax Withholding

Once each year federal law requires the Nebraska Public Employees Retirement Systems (NPERS) to remind you, as a benefit recipient, of your ongoing right to start, stop or change the tax withholding from your retirement benefit.

While you are not required to have federal income tax withheld from your monthly benefit, the Internal Revenue Service may assess interest or penalty charges if your estimated tax payments or withholding amounts fall short of your tax liability.

You may designate the number of allowances you want to claim and your marital status for both state and federal withholding using NPERS’ Withholding Certificate for Pension or Annuity Payments form. Your allowances determine the amount of tax you want NPERS to withhold from your benefit payment. You may change your withholding at any time.

To obtain the Withholding Certificate for Pension or Annuity Payments form, complete the “request form” below, visit NPERS’ website at www.npers.ne.gov, or call our office at the numbers listed below.

No action is necessary if your present tax authorization for your monthly retirement benefit still fits your needs.

If you are a Nebraska resident, NPERS is required to withhold Nebraska taxes using the allowances and marital status you claimed for federal withholding. You may also elect additional amounts of withholding over and above the marital status and allowances you elected on your federal and/or state withholding; these amounts are not required to match. Nebraska residents choosing not to have federal tax withheld from their retirement benefit payment are not required to have Nebraska state income tax withheld. If you are not a Nebraska resident, NPERS is not required to withhold Nebraska taxes from your benefit payment.

For tax advice, we suggest you contact a tax professional about your individual situation. If you have questions about information contained in this article, please contact NPERS at 800-245-5712 or 402-471-2053.
