A Reminder About Annuity Tax Withholding

Each year NPERS is required to notify retirees of their right to change, start or stop federal tax withholding on your monthly annuity. You can do so at any time by filing a new Withholding Certificate for Annuity Payments. This form may be obtained from the “Forms” section of the NPERS website at npers.ne.gov or by calling our office at the numbers below.

You are not required to have federal income tax withheld from your monthly annuity, however, the Internal Revenue Service (IRS) may assess interest or penalty charges if your estimated tax payments or withholding amounts fall short of your tax liability (certain restrictions apply if you have the 5-Year Designated Period Annuity).

If you are a Nebraska resident and you choose to have federal income tax withheld from your benefits, NPERS is required to withhold Nebraska taxes using the allowances and marital status you claimed for federal withholding. You may also elect additional amounts of withholding over and above the marital status and allowances you elected on your federal and/or state withholding; these amounts are not required to match. If you choose not to have federal tax withheld from your retirement benefit payment, you are not required to have Nebraska state income tax withheld. If you are not a Nebraska resident, NPERS is not required to withhold Nebraska taxes from your benefit payment.

No action is necessary if your present tax authorization for your monthly retirement benefit still fits your needs. If you have questions, please contact NPERS at 800-245-5712 or 402-471-2053. For tax advice, you should contact a tax professional about your individual situation.

Secure Your Benefit with Direct Deposit or ReliaCard

Are you still receiving your monthly annuity payments in the mail? The US Postal Service has recently announced service changes that appear destined to increase delivery times and may delay receipt of your benefit check. Now might be a good time to consider taking advantage of the electronic delivery methods offered by NPERS – Direct Deposit or the new ReliaCard Visa debit card.

Direct Deposit will electronically transfer each annuity benefit directly into your checking or savings account. Direct Deposit of funds can be made to any financial institution in the United States and ensures speedy and secure receipt of retirement benefits.

The ReliaCard Visa is a prepaid debit card issued by U.S. Bank. Monthly benefits are automatically deposited into your account and the funds used to make purchases everywhere Visa debit cards are accepted. You can also:

- Pay bills using the Bill Pay feature.
- Withdraw cash from ATMs, banks, or credit unions.
- Make online, phone, or mail-order purchases.
- Receive cash back with purchases.

A PIN is required for ATM withdrawals or when requesting cash back with a purchase. Participants will select their own PIN when calling to activate the card. Card holders may go online to view account balances, account activity, or change their PIN. If a PIN is lost or forgotten, members should call the ReliaCard member services number found on the back of the card.

If you’re not already taking advantage of Direct Deposit or ReliaCard, we encourage taking another look at these two options. Enrollment forms are available on our website (npers.ne.gov) or members may request one by calling our office.

Establish an Estate Plan Now

AND KEEP IT UP-TO-DATE!

Although it may be difficult to discuss, it is important to make preparations now for the well-being of your family after your death. Ensuring now that they will be cared for when you are gone is a loving and considerate act.

Whether you are financially comfortable or live on a tight budget, you want to be sure that your family will be provided for in the future. A carefully conceived estate plan will allow you to accomplish the following goals:

- Choose who will receive your assets upon your death.
- Prevent your assets from being given to unintended beneficiaries.
- Establish the future care and guardianship of minor children in your care.
- Minimize estate or inheritance taxes.
- Ease the burden on surviving family members administering your estate.
- Ensure that your final wishes are legally binding.

Estate planning is a complex process. It is advised that you seek the counsel of a professional financial advisor and/or attorney with expertise in estate planning. Tax laws, in particular, change frequently and may vary from state to state. It is worthwhile to get expert advice while navigating your estate plan.

You should also review your estate plan at least once a year, as well as on any occasion that may change the circumstances of your plan. Events that may necessitate an update of your estate plan include:

- Marriage or divorce
- Birth or adoption of children or grandchildren
- Relocation to another state
- Death of a loved one
- A significant change in assets
- A revision of estate tax laws

Keeping your estate plan updated and accurate will potentially prevent conflict and misunderstandings. It may also help to save money on taxes that your loved ones would otherwise be responsible for.
